

TABLE MOUNTAIN CREATIVE CONCRETE

Table Mountain Creative Concrete is a family owned and operated business specializing in staining, engraving, overlaying and stamping established concrete.

PATIOS

We employ a diverse range of colors and textures to re-finish your patio with a beautiful decorative concrete finish.

We can spray, spray-knockdown, trowel and stamp overlays in an array of colors, patterns and textures. We can also use acid and water-based stains to give your patio a mottled look.

We finish the surface with a sealer and slip resistant additive to reduce slipping when the patio is wet. The sealer's resistance to acids, ultraviolet rays, and some chemicals make for a durable and beautiful finish.

With **Table Mountain Creative Concrete**, you can expect:

- A prompt response to your inquiry.
- A complete evaluation of your needs.
- Excellent craftsmanship.
- Respect for your property and a thorough clean up.

Advantages of Decorative Concrete Overlays for Patios

- Excellent adhesion and weather resistance with freeze/thaw conditions
- Long wearing under traffic
- Retards water and salt penetration
- Resists ultraviolet degradation from long-term exposure to sunlight
- Environmentally safe—overlay is entirely water-based
- Skid resistant underfoot
- Moderate cost
- Long wearing, durable and abrasion resistant
- Cleanable, easy to maintain
- Chemical resistance
- Will repair and revitalize chips, cracks, spalling and discoloration

Do it right the first time with **Table Mountain Creative Concrete**.
